

## Beautiful Kidz News

### Pre-school Graduation and Christmas Play

We had 40 children that graduated, it was well prepared and orchestrated. The parents were very excited to see how their children were performing. Each class prepared a special performance as well as a Christmas Play was performed.

Here you can see, together they sang the National Anthem

Certificates were handed out to 5 children from each class for :

- Best performance,
- Best improved,
- Best behaved,
- Best newcomer

- Best attendance.

They gave their best performances. worked hard and we are so proud of them!

The children were encouraged to dress in a certain dress code decided by each class. Here you can see them representing their respective class in the dress code the teachers chose.

**"Life's not about expecting, hoping and wishing, it's about doing, being and becoming."**

**Mike Dooley**

### **Holiday Camps for our Youth**

The theme for the Holiday Youth camp was:  
Gods Generals do a Great work.

Doing a great work could be sharing your bread with a friend at school who probably doesn't have food. Doing a great work could be helping out at home to make the adult's job a bit easier and the load lighter.

The Kidz had to build a wall in their groups and protect it. The walls represented their dreams, gifts and callings. This was a representation for the youth to stand for what you believe in and not allow others to break you down.

The youth did an outreach to the Old age nursing home. The main goal for the youth to share and care about the Elderly to do a great work and to let them know that they are not alone. It was important for them to realize that you can make a big difference

with what you have and give what you can.

The youth did a few dances and songs for the elderly and handed out cookies that they baked to each elderly person with a word of encouragement.

The Youth will be doing more Outreaches to the Old Age homes in the community as this was an extremely heart warming experience.

## **Our 2022 Year Report is here!**

**2022 Year report**

### **Instructions when opening the 2022 Year Report:**

1. In order to get rid of the generic adds, simply click in the X in the the top right corner of the pop-up.
2. Click on the "full screen" icon, bottom left corner.
3. To zoom in on the text, click on the magnifying glass, bottom right corner.

Now, you can view the Year report below! Happy reading!

your contribution is valued

## **Programs that need your help**

### **Pre- Primary and Daycare**

We run 2 daycare centers in which 180 orphans and

### **Afternoon classes**

We provide afternoon classes for children from grades 1-7. They receive extra English and Mathematics classes, where

vulnerable children receive quality education in a safe and loving environment.

### **Kids and Youth clubs**

Character building and learning how to make right choices are just as important as education. Every Friday afternoon, over 250 children come together for a fun time to play games, to worship and to learn life lessons based on Biblical principles.

### **Soccer**

Soccer is a great team sport focused on character building and making right choices. We use the opportunity to speak positively into the lives of the Namibian Youth, with boys and girls teams of 50 players u/13 - u/19.

### **Youth Camps**

we offer holiday camps aimed to give our youth a time away from their difficult circumstances at home. It is a time to have fun, but also a time for restoration, healing and encouragement. Around 180 children take part in these camps every school holiday.

### **Young and Pregnant**

Classes are offered to young, first time pregnant girls monthly. They learn about pregnancy, how to take care of their babies and the value of life. The classes function as a social support group, whereby the girls can learn from one another, share their stories and receive support and basic necessities.

### **The Dignity Campaign**

We provide young ladies with the tools and information to make good choices for their futures and their bodies. We offer Reusable pads as well as offer encouragement and community.

### **The Dare Campaign**

We offer young men tools and information to equip them to treat others with respect and dignity. They are taught about strong ethics, values and how their actions and decisions affect those around them.

How you can help

## **Daily news**

We urgently need assistance for the Soccer team! We need Soccer tocks as well as soccer balls for the team to practice sufficiently.

We would also like to request sponsorships to landscape the Soccer Field at Immanuel Shifidi School where we make use of the facilities for our training and games.

### Soccer Teams

Currently we have Boys U13, U15, and U17, as well as Girls U13, U15 and U17. In 2022 the U13 and U15 participated in the Khomas youth league which ending in November 2022.

The Girls U15 and 17 currently on Futsal league games and waiting to register for Girls and Goals at NFA.

We are working hard each year to bring the young boys and girls together through football by taking them off the streets by joining them in the Beautiful Kidz **Young Bloods FC** soccer team. The aim is to promote the advancement of youth football in our community and to encourage the development of player's skills and abilities. The goal for the players' participation is to have fun while playing soccer, develop self-esteem and confidence through skills development and to focus on building soft skills, coordination, team spirit and dedication/ commitment.

Currently, we are struggling to get proper football equipment and we need to also improve the soccer field.

Our main needs at this point are:

**Soccer shoes,**

**Soccer balls**

**Training gear**

**Landscaping the Immanuel Shifidi Soccer Field**

We aim to give the youth hope and identity. With proper football equipment we want to train and prepare these young people to be in the Namibian National

Team. The most important is to see the positive change in the community and within their families. Almost every week someone new is joining. Many parents are bringing their children, as they see the difference football is making to the lives of the young people; they don't want their children to be in the streets. I am not only teaching them about the game of Football on the field. It's about leadership and teamwork it's about showing sportsmanship win or lose. Above all school come first, even when we are on the field we do talk about school. Every time we remind them to study and the importance of education, not only focusing on football but also their overall wellbeing.
